SOTI

SOTI Snap is a cross-platform, rapid app development solution for business. It enables companies to build the mobile apps they need faster, cheaper and on time.

SOTI SNAP DOES NOT REQUIRE CODERS

Create a mobile app using SOTI Snap — no coding is required. An easy drag and drop interface allows users to pick the app components they need and customize the look and feel.

SOTI SNAP CREATES CROSS-PLATFORM APPS AUTOMATICALLY

Develop apps for different device makes and models, operating systems and proprietary APIs.

SOTI SNAP SIMPLIFIES WORKFLOWS

Build more powerful apps by scripting and automating multi-app workflows to improve end user adoption and productivity.

SOTI SNAP ELIMINATES PAPER-BASED FORMS

SOTI Snap creates electronic forms for mobile devices in minutes. It even includes the ability to capture signatures electronically. SOTI Snap also supports multiple forms within an app.

SOTI SNAP IS INTEGRATED WITH THE SOTI ONE PLATFORM

Leverage SOTI Snap's integration with other SOTI ONE solutions to create unique line of business (LOB) apps that incorporate device management and help desk capabilities.

Minimum System Requirements

SOTI Snap editor requires a minimum native screen resolution of 1366x768 pixels, and at least one of the following listed browsers and agent version.

Supported Browsers

- **Google** ™ Chrome (40+)
- **Apple** ™ Safari (10.1+)
- **Microsoft** ™ Edge (40.15063.0.0+)
- **Mozilla** ™ Firefox (36+)

Supported App Operating Systems

- **Google** ™ Android (4.2+)
- **Apple** ™ iOS (9+)

WHAT SOTI SNAP CAN DO

	Cloud-Hosted	• Start building apps immediately with no setup. • Device enrollment is a fast, simple and one-time only process.
	Drag and Drop Development	• Use drag and drop controls to build apps. • Prototype and iterate apps to determine their true return on investment (ROI).
	Build and Deploy Apps Instantly	• Quickly respond to changing business requirements for your apps. • Deploy apps without custom logic for Android and iOS operating systems. • Safely publish apps in test and production environments independently of each other.
	Digitize Forms	• Create electronic forms in minutes. • Capture customer signatures electronically from mobile device screens. • Collect feedback using rating scales, dropdown lists and multi-select options.
	Offline Capable	• End users can keep working and stay productive – while the organization saves on cellular costs – even when there is no Internet connection available.
	Rich Media Support	• Remotely train mobile workers and easily present information using images and YouTube videos.
	Automate Data Capture	• Capture data by scanning barcodes, taking photos, scanning NFC tags, recording audio, uploading files and automatically capturing geolocation coordinates.
	Multi-App Workflows	• Script successive API calls to third-party apps to automate multi-app workflows. • Open multiple SOTI Snap apps concurrently and navigate between apps in the recent apps view.
	Built-In Integration	• Connect SOTI Snap apps to backend systems with custom REST APIs, webhooks and Zapier integration. • Pull key information from spreadsheets in Google Drive and Office 365. • Use the SOTI ONE Platform to create unique LOB apps that incorporate device management and help desk capabilities.
	Easily Export App Data	• SOTI Snap Link lets you export SOTI Snap app data to internal destinations which are not publicly accessible. • Data can be exported to a Microsoft SQL Database or SMTP Email Server.
	Intuitive App Navigation	• Add Hamburger menus to apps to simplify navigation. • Configure Hamburger menu items with events to trigger actions when clicked.
	Render Websites Inside Apps	• Allow users to access external websites without leaving the app.
	Launch SOTI Snap Apps from a Third-Party App	• Third-party app developers can set the SOTI Snap App to launch from within their own native apps.
